

## Company Overview

Bilcare Global Clinical Supplies is a leading global provider of Clinical Trial Materials (CTM) services to the pharmaceutical and biotechnology industries.

Bilcare GCS is a business unit of Bilcare Ltd. - an innovation-led solutions provider that partners with the global pharmaceutical and healthcare industry to improve patient healthcare outcomes.

Bilcare GCS provides a seamless transition through the entire clinical trial and drug development process while optimizing the efficiency to save valuable time and resources.

From pre-formulation to global logistics and distribution, our integrated offerings are aimed at establishing your critical success factor – speed-to-market. Our services bridge drug discovery with the manufacture of Clinical Trial Material with the speed and precision you need to accelerate market entry and drive profitability.

## Our Offerings

Bilcare GCS serves the global pharmaceutical and biotechnology industries with clinical trial materials support, services and complete project management.

With best-in-class manufacturing plants and facilities on three continents, Bilcare GCS delivers end-to-end solutions that support a drug through the entire clinical trial life cycle. Our services for solid, semi-solid, liquid, DEA (CI-V) and biotech clinical trial materials (CTM) satisfy a broad range of requirements from pre-formulation research and development, manufacturing, analytical services and clinical supplies packaging and labeling to IVRS, QP services, controlled-temperature (cold chain) CTM storage, worldwide distribution and returns and destructions accountability.
